Con-Quest Contractors
290 Toland Street
San Francisco, California 94124

Attn: President

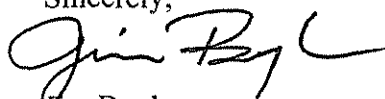

My name is James Boyle and I am an Inspector for the town of Los Altos Hills. I recently oversaw the Pine Lane sewer diversion project by your underground team.

I would like to take this opportunity to let you know that your project personnel did an outstanding job on this tough endeavor. Alex Baranoff, Project Manager, Randy Galusha, Field Supt., and the other fine crew members did an exceptional job throughout the entire project.

Every safety detail was taken into consideration from the bore pit shoring to the trench shoring. This field operation crew worked in unison with courteous and professionalism under tough traffic restrictions and the small percent of slope restriction designed for this project.

It was a pleasure working with your company and I hope we are involved in other projects together.

Sincerely,

Jim Boyle
